Short description

The Medion P55018 is a feast for the eye, namely the display has a very thin edge and that can be seen!

The bright 23" screen performs its primary function also fine; thanks include LED lighting technology, which ensures that the colors much more vivid your screen spalling.

Because there are two stereo speakers and an HDMI connection to the monitor, you have no additional cables and accessories needed.

Frameless design, HDMI input, Full-HD resolution, an excellent viewing angle in short, an excellent monitor that in addition to a PC is a must.
